Round Lake Excitement Builds!

Our Round Lake schools 21st Century Afterschool Programs open to the largest volume of students in recent years. Nearly 90 students will enjoy afterschool programming beginning Monday, October 29. We have two volunteers who will open with John T Magee Middle School and a new teacher, Ann O'Connell. We are delighted that she will be joining us. At RLMS we will be welcoming Jayne Peterson as our newest teacher team member. Her enthusiasm is over the top! At the high school, welcome Andrea Barth and Lisa Flores and welcome back, Eileen Erisman.

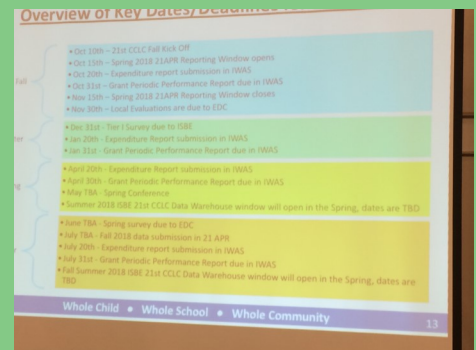

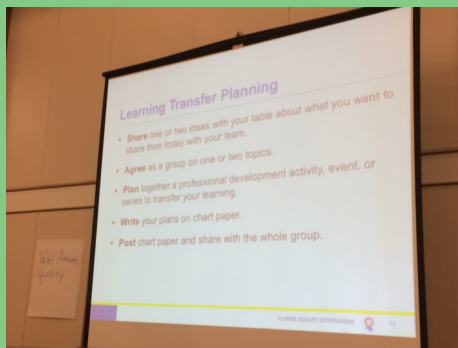

Welcome, as well, to our newest prevention team member, Angela Brown, who has oriented "by fire"; creating bulletin boards, organizing food and transportation lists. She is ready to meet the kids.

The Round Lake teacher meeting on October 23rd is designed to refresh and excite our team. Our agenda especially centered on creating a joy-filled environment for learning and growing. We look forward to adding some spectacular lesson plans to our flash drives.

Improving grades, behavior, and relationships over this school year will shape student success.

At our recent Illinois State Board of Education meeting in Springfield, our Nicasa team appeared on the big screen with our “Can You Believe We Get to Do This?” pull-up— a big hit with our ISBE friends! Some great learning took place, and we received our schedule of reports— Phew!— We can do it!

Lathasha Davis completed her first bulletin board. This one represents Red Ribbon Week and was placed in all afterschool program schools, our township offices, and Daniel Webster Middle School. Don't you just love our Prevention Team artists?
